The **Moore School PTA** has been very generous in providing us with reading incentives that included eReaders and gift cards. All our readers were placed in a random drawing, based on the number of points they earned, to receive a reward.

Congratulations to all our great readers!

## Riley Brendel Earns 2014 Moore Elementary School Citizenship Award

Congratulations to **Riley Brendel** for earning the 2014 Moore Elementary School President's Citizenship Award. This prestigious award is voted on by fourth and fifth grade teachers, special area teachers, cafeteria workers, custodians, the social worker, nurse, secretary, and principal. Riley was recognized for demonstrating a positive attitude toward classmates, possessing strength of character, having the courage to do what is right, and promoting Moore Elementary School through his citizenship and participation in school projects.

# Brentwood 3<sup>rd</sup> / 4<sup>th</sup> CalcuSolve Tournament

Brentwood recently hosted a CalcuSolve Tournament for students in 3<sup>rd</sup> and 4<sup>th</sup> grade at the Brentwood Borough Building. CalcuSolve is a mathematics competition where students work individually and in groups to solve challenging problems. There were over 100 students from ten schools in Allegheny County who participated in the competition. CalcuSolve was organized by Mrs. Maureen Anderson (G.A.T.E. Teacher), Mrs. Rebecca Hagerty (Moore Elementary) and Ms. Caitlin Griener (Elroy Elementary). Several high school students also assisted as scorers and announcers.

Sixteen students from 3<sup>rd</sup> and 4<sup>th</sup> grade at Moore competed in the tournament. **Ava Barker, Jorja Sedlar, Ceci Foley, Lili Lemp, Olivia Krauter, Kellie Bruschi, Tyler Ho, and Shane Rock** represented fourth grade. **Nathaniel Barker, Brianna Folino, Aiden Hathaway, Leyna Ho, Talan Kammermeier, Gabrielle Sedlar, Zach Reed, and Nolan Tallat** were the third grade representatives.

Congratulations to all students who participated for a job well done!

## Pennsylvania's Child Restraint Law

Vehicle crashes are the leading cause of death and injury to children in the United States. In Pennsylvania each year, approximately 7,000 children under five (5) years of age are involved in crashes. As the summer travel months approach, we thought it may be helpful to review the contents of Pennsylvania Child Restraint Law.

- Children under the age of four (4) must be buckled into a federally-approved child passenger restraint system (child safety seat), which must be secured to the vehicle by the seat belt system (or using the vehicle's LATCH system, available in newer vehicles), no matter where they ride in the vehicle (front or back seat).
- Children ages four (4) and older, but under the age of eight (8) must be buckled into a federally-approved child booster seat, which must be secured to the vehicle by the seat belt system, no matter where they ride in a vehicle (front or back seat). Booster seats must be used in conjunction with lap and shoulder belts.
- Children ages eight (8) and older, but under age 18 must be buckled in a seat belt, no matter where they ride in the vehicle (front or back seat).

**VIOLATORS MAY BE FINED AND WILL BE RESPONSIBLE FOR ALL COURT COSTS.**

Children who weigh less than 20 pounds and are under one (1) year of age should ride in rear-facing child safety seats. In fact, the American Academy of Pediatrics recommends that children ride rear-facing for as long as possible in rear-facing seats designed to accommodate weights up to 35 pounds.

**Never install a rear-facing child safety seat in the front seat if an air bag is present.** In a crash, the air bag will hit the back of the child seat with tremendous force, which will be transmitted to the infant's head causing severe injury or death.

*If you are transporting children under age eight (8) who, by law, must ride in federally-approved child safety seats or booster seats, read your vehicle owner's manual and the directions that came with the seat so you know how to tightly attach the seat to your vehicle's seat and how to secure the children snugly in their child seats.*
